How to use this sizer?

1. Before proceeding, use a ruler to confirm the printed paper size in the box to the right;
2. Pull tightly, the size must fit snugly to produce an accurate size;
3. Measure your finger at the time of the day when it will be at its largest, this is usually at the end of the day.
4. Avoid measuring your fingers when they are cold or damp.
5. Bands and rings over 5mm in width may fit your finger more tightly than rings of the same size in narrower widths.
